5.4 PREMIUM EXCHANGE SERVICES

5.4.3 CUSTOM CALLING SERVICES

A. Description (Cont'd)

Distinctive Alert

Allows a customer to receive an audible Call Waiting tone or Distinctive Ringing signal from a line equipped with Dial Call Waiting. If the called line is idle, a Distinctive Ringing signal will be heard. If the called line is busy, the called line receives a Call Waiting tone.

Do Not Disturb

Allows a customer to prevent the ringing of their telephone. When the feature is activated, callers hear a customer selected greeting indicating that the customer is not available. If the customer has messaging service the caller may stay on the line and leave a message.

Easy Access

Allows a customer to place a call to a predetermined telephone number by dialing an abbreviated two-digit code. The dialing code is *98.

Hot Line

Allows a customer to establish a switched connection to a predetermined number when the customer's telephone goes off-hook. No dialing is required and the call is processed automatically to the predetermined telephone number.

Last Call Return

Allows a customer to dial a code that will cause the feature to automatically redial the number of the last incoming call to that line, whether the call was answered or not. The customer does not have to know the number of the calling party. If the calling party's number is blocked, by the calling party, the service will not return the call. If the called number is busy, the feature will redial the called number for a limited period of time. A tone alerts the customer when the called line is available. This service is available on a usage or subscription basis.

Last Call Return customers who do not wish to receive blocked calls can activate Anonymous Call Rejection (USOC: AYK) by pressing *77 (1177 on rotary phones). The code to deactivate is *87 (1187 on rotary phones). While the feature is activated, incoming blocked calls are routed to an announcement in the central office. Anonymous Call Rejection is automatically available to residence customers of Last Call Return and to business customers where technically feasible; and to monthly (subscription) customers only.
