Re: Qwest Communications Amended Price Cap Plan;
Docket Nos. T-01051B-03-0454, T-00000D-00-0672

Dear Chairman Grey:

At our meeting Thursday, August 19, 2005, we discussed ways in which the ACC and the NNTRC could work together to improve access to telecommunications services on the Navajo reservation. We all agreed that improved communication between the two Commissions is essential. The NNTRC asked to be kept apprised of matters pending before the ACC that will impact the Navajo Nation – such as Qwest's amended price cap plan.

Accordingly, I am sending you the proposed settlement that has been docketed in this matter along with the latest Procedural Order. I have also included the latest press release on E-Docket, the ACC's new public records access system that will enable you to access all the documents in this case, along with any other matter before this Commission, through the internet.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Handwritten signature of William A. Mundell in cursive.

William A. Mundell, Commissioner
