DOCKETED BY [Signature]

IN THE MATTER OF THE ARIZONA CORPORATION COMMISSION, ON ITS OWN MOTION, TO ESTABLISH AN ARRAY OF PUBLIC RAIL/HIGHWAY GRADE CROSSINGS THROUGHOUT THE STATE OF ARIZONA.

DOCKET NO. RR-00000E-02-0385

DECISION NO. 64988

ORDER

Open Meeting
June 25 and 26, 2002
Phoenix, Arizona

BY THE COMMISSION:

FINDINGS OF FACT

1. The Thirty-third Arizona Legislature enacted Senate Bill 1336, which generally related to the allocation of funds for the installation of automatic warning signals and devices at public railroad grade crossings and the annual determination of locations where the installation of automatic warning signals should occur. This legislation was signed into law by the Governor of the State of Arizona on May 26, 1977, and became effective as Arizona Revised Statutes (A.R.S.) Sections 40-337.02 and 40-337.03 on that date.

2. A.R.S. Section 40-337 enables the Arizona Corporation Commission (Commission), which has the exclusive power to determine and prescribe the manner and terms of installation of warnings at each railway crossing pursuant to A.R.S. Section 40-337, to annually establish an array of public railroad grade crossings to plan for the orderly installation of automatic warning signals and devices.

3. Although numerous hazard index formulas have been proposed over many years to assess the relative hazard of a grade crossing based upon some combination of its characteristics, no one such formula, or combination thereof, has universal acceptance. The development of the array and the determination of the warnings to be installed at crossings also involves the exercise of judgement.
