of Public Convenience and Necessity )

**APPLICATION**

Teleglobe America Inc. (“Teleglobe” or “Applicant”) hereby respectfully requests that the Commission issue an order canceling Teleglobe’s Certificate of Public Convenience and Necessity and, to the extent necessary, canceling Teleglobe’s Arizona tariffs currently on file with the Commission.

Teleglobe submits the following information in support of this Application:

1. Teleglobe is a Delaware corporation whose principal offices are located at One Discovery Square, 4th Floor, 12010 Sunset Hills Road, Reston, VA 20190. Teleglobe is an indirectly wholly-owned subsidiary of Teleglobe International Holdings Ltd, a Bermuda company, and is a party to a stock purchase agreement whereby it will be acquired by Videsh Sanchar Nigam Limited (“VSNL”), a large international telecommunications company headquartered in India.

2. Teleglobe was certified by the Commission’s Decision No. 67008 issued in Docket No. T-04207A-03-0683 to provide interexchange telecommunications services in Arizona but does not currently provide any services pursuant to the certificate and has no current plan to provide any such services. Teleglobe’s primary business is to provide wholesale international services to other carriers for their country-to-country international traffic, and that focus is expected to continue after the VSNL transaction closes. Teleglobe

recognizes that should its business plans change in the future, it would need to re-apply for the requisite certificate(s).

3. Since Teleglobe does not provide any telecommunications services in Arizona pursuant to its certificate, no customers will be affected by the cancellation of Teleglobe's certificate. In addition, any requirement to give prior written notice of Teleglobe's surrender of its certificate is inapplicable in this instance because Teleglobe has no customers in Arizona.

4. To the extent necessary, Teleglobe also withdraws and requests cancellation of its Arizona tariff currently on file with the Commission.

5. Teleglobe submits that the surrender of its certification is reasonable, necessary and not disruptive to the present or future public interest, convenience and necessity of the State of Arizona. In addition, Teleglobe has no outstanding obligations to any Arizona customers in the form of deposits or pre-payments for services which have not or will not be provided.

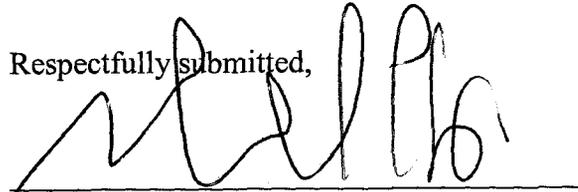

6. Because no customers will be affected by the cancellation of Teleglobe's certificate, Teleglobe requests that the cancellation become effective immediately or as soon as the Commission can take any necessary administrative action.

7. Questions regarding this Application should be directed to:

Email: rogena.harris@teleglobe.com

WHEREFORE, Teleglobe America Inc. respectfully requests that the Commission grant this Application and issue an Order canceling its Certificate of Public Convenience and Necessity and, to the extent necessary, approving the cancellation of Teleglobe's Arizona tariff currently on file with the Commission.

Respectfully submitted,
