MISCELLANEOUS SERVICES

9.6 Time and Materials Charges

Time and Materials Charges are charges for work performed on the Customer's side of the demarcation or to isolate trouble to the Customer's side of the demarcation point by an Xspedius employee at the Customer's request that are not covered by other charges. Chargeable time is labor which includes, but is not limited to, work preparation, actual work, trouble isolation and clean-up. Material Charges are the items required to fulfill the job requirements. Any work required to establish or reestablish network access on the network side of the demarcation point is excluded from Time and Materials Charges.

The Time and Materials Charges are set forth in Section 13.
