15 BY THE COMMISSION:

16 FINDINGS OF FACT

- 17 1. UNS Gas, Inc. ("UNS") is engaged in providing natural gas service within portions  
18 of Arizona, pursuant to authority granted by the Arizona Corporation Commission.  
19 2. On June 21, 2005, UNS filed for Commission approval of revisions to its rules and  
20 regulations related to determination of therms for billing. On July 21, 2005, UNS made a  
21 supplemental filing to update the proposed tariff pages to include Southern Arizona elevation  
22 tables.  
23 3. Inherent in billing for natural gas service by a local distribution company ("LDC")  
24 such as UNS is the need to adjust the metered volume to reflect factors such as atmospheric  
25 pressure at a given delivery elevation, delivery pressure, and other factors before arriving at a final  
26 therm amount to bill a customer for. The method for making these adjustments is typically  
27 identified in an LDC's rules and regulations section of its filed tariffs.
