RE: Network Operator Services, Inc.  
Docket No. T-02679A-92-0190

Dear Mr. Cooke:

On July 7, 1992, Network Operator Services, Inc. filed an application for a CC&N to provide intrastate telecommunications in the State of Arizona. The Applicant is required to publish legal notice of the application in all counties where services will be provided.

Additionally, in order for Staff to continue with its review of this application, the following information must be submitted:

- A. Include a copy of your Company's most recent balance sheet, income statement, audit report (if audited), and all related notes to these financial statements.
- B. If the balance sheets you submit do not have retained earnings accounts, please provide this account information on a separate sheet.
- C. If your Company intends to rely on the financial resources of its Parent Company, please provide your Parent Company's financial statements. Also, please provide a written statement from your Parent Company attesting that it will provide complete financial backing if your Company experiences a net loss or a business failure and that it will guarantee re-payment of customers' advances, prepayments or deposits held by your Company if, for some reason, your Company cannot provide service or repay the deposits.
- D. Please submit a proposed tariff with both maximum rates, along with the proposed initial rate to be charged for each proposed service to be offered. Only one set of rates is listed in your proposed tariff. Please send us your current price list and your maximum rates. If no maximum is sent, then the current prices on file will be considered current and maximum rates.
