

REVISED CUSTOMER NOTIFICATION

Why Utility Co., Inc. has applied to the Arizona Corporation Commission for an adjustment in rates. The current rates have been in effect since 1969. An increase in rates is necessary at this time due to upgrades of the system and arsenic compliance. Based on the Company's unaudited Test Year results, Why Utility Co., Inc. realized an operating loss of \$48,639. The Company is requesting a revenue increase of \$37,000 or 100% of total revenues. Please see the attached pages 9 and 11 of the Company's application for the current and proposed rates.

The Application is available for inspection during regular business hours at the offices of the Commission in Phoenix at 1200 West Washington Street, the Commission in Tucson at 400 West Congress, North Building, Room 218, and at Why Utility Co., Inc., 669 North 2nd Avenue, Ajo, Arizona 85321. Please be advised that the rates and charges ultimately approved by the Commission may be higher or lower than the rates and charges requested in the Application.

Customer input is an important part of the Commission's analysis of the requested adjustment and is a factor in determining whether a hearing will be conducted. Customers should bring to the Commission's attention any questions or concerns related to the Company's Application, including service, billing procedures or other factors important in determining the reasonableness of charges. Customers may have the right to intervene in this matter. Customers wishing to communicate with the Commission, or request information on intervention in the proceeding, should contact the Commission's Consumer Services Section at 800-222-7000 (if located outside the Phoenix local calling area) or 602-542-4251 in the Phoenix local calling area. Customers are advised that the Commission may act upon the Application without a hearing. Regardless of whether a formal hearing is held, customer comments submitted in writing will be placed in the office file, which the Commission reviews prior to making its final decision on the Application. It is important that customers contact the Commission within 15 days of the receipt of this notice so that the Commission's Staff can consider customer comments and concerns in developing its recommendations to the Commission.
