On June 22, 2001, One Point Services, L.L.C. ("Applicant") filed comments regarding the staff report in the above matter. Specifically, the Applicant requests that it be able to use a previously acquired performance bond of \$50,000, which covers competitive resold intra-exchange services granted in a previous CC&N, in conjunction with the current application for competitive local exchange services as a reseller, in essence to avoid the expense of procuring a second bond. However, alternatively, the Applicant requests, that if the Commission requires the procurement of the second bond, that the deadline for filing proof of the bond be extended to 180 days from the date of the Arizona Corporation Commission's ("Commission" or "Staff") order in this docket, or thirty days prior to the provision of services. Lastly, the Applicant requests that the Commission eliminate the one-year requirement of operation by the Applicant before it may apply for cancellation of the performance bond.

As for the performance bond requirement, the Commission has a standing policy that if an Applicant is applying for more than one kind of service, that each bond amount for the different services must be added together to determine the appropriate amount for the bond. As such, Staff objects to the Applicant's request. As for extending the filing of proof of procurement of the required performance bond to 180 days from the date of the order or thirty days prior to provision of service, which ever comes first, Staff does not object. Lastly, Staff does not object to allowing the Applicant to apply for cancellation of the performance bond at any time that the Applicant, based

1 solely on it's own financial condition, can make the requisite showing of financial viability.

2 RESPECTFULLY SUBMITTED this 3rd day of July 2001.
