DOCKETED BY	<i>rac</i>
-------------	------------

6 IN THE MATTER OF MIDVALE TELEPHONE
7 EXCHANGE, INC.'S APPLICATION FOR
8 AUTHORITY TO INCREASE RATES AND FOR
9 DISBURSEMENT FROM THE ARIZONA
10 UNIVERSAL SERVICE FUND.

DOCKET NO. T-0253A-00-0512

STIPULATION FOR CORRECTION OF
MIDVALE'S CC&N AND REQUEST
FOR AN ORDER *NUNC PRO TUNC*
VALIDATING THE CORRECTION

11 Qwest Corporation ("Qwest") and Midvale Telephone Exchange,
12 Inc. ("Midvale") hereby seek approval to correct Midvale's
13 Certificate of Convenience ("CC&N") to delete certain real
14 property described as Section 31, Township 5N, Range 6E of the
15 Gila and Salt River Base and Meridian, Maricopa County, Arizona
16 (the "Property"). The parties also request entry of an order
17 *nunc pro tunc* validating this correction.

18 On July 14, 2000, Midvale filed an application with the
19 Commission for authority to increase rates and for disbursements
20 from the Arizona Universal Service Fund. A copy of Midvale's
21 Application and the relevant exhibits are attached hereto as
22 Exhibit 1. Midvale's Application also requested permission to
23 extend the Company's CC&N to include the Millsite and Silver Bell
24 exchanges. Exhibit B to Midvale's Application set forth the
25 proposed boundaries for the Silver Bell Exchange, which includes
26 "the contiguous Silver Bell and Sawtooth subdivisions and the

1 non-contiguous Rio Verde subdivision." See Application at 4 &
2 Exhibit B. The area previously referred to as the Rio Verde
3 subdivision is now referred to as the Granite Mountain Exchange.

4 At the time Midvale filed its Application, a portion of the
5 Granite Mountain Exchange was encompassed by Qwest's existing
6 service area. Unfortunately, at the time Midvale filed its
7 Application, Qwest's maps on file with the Commission did not
8 accurately reflect the Company's service area. Qwest has since
9 filed revised maps with the Commission that accurately delineate
10 the Company's service area in the vicinity of the Granite
11 Mountain Exchange. A copy of Qwest's revised maps are attached
12 hereto as Exhibit 2.

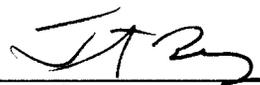

13 On September 5, 2001, the Commission entered a decision on
14 Midvale's Application, granting Midvale's request to extend its
15 CC&N to serve the Millsite and Silver Bell exchanges. See
16 Decision No. 64011 at 24. As a result of the Commission's
17 decision approving Midvale's Application for extension, both
18 Qwest's and Midvale's service area maps currently encompass the
19 Property. Accordingly, Qwest and Midvale stipulate and seek
20 approval to correct Midvale's CC&N to reflect deletion of the
21 Property. Midvale's corrected maps are attached hereto as
22 Exhibit 3.

23 Based on the foregoing, and because no party to this
24 proceeding or customer will be prejudiced by this correction,
25 Qwest and Midvale respectfully request entry of an order *nunc pro*
26 *tunc* validating Midvale's corrected CC&N.

ATTORNEYS FOR APPLICANTS

DOCKET NO. T 02532A-00-0512

BEFORE THE ARIZONA CORPORATION COMMISSION

IN THE MATTER OF MIDVALE
TELEPHONE EXCHANGE, INC.'S
APPLICATION FOR AUTHORITY TO
INCREASE RATES AND FOR
DISBURSEMENTS FROM THE ARIZONA
USF

CASE NO. _____

MIDVALE'S APPLICATION

Midvale Telephone Exchange, Inc. ("Midvale" or "Applicant") hereby applies to the Arizona Corporation Commission ("Commission") for an Order authorizing Applicant to increase local exchange rates, provide extended area service and receive distributions from the Arizona Universal Service Fund, all as more fully described herein. In support of this Application, Applicant states as follows:

I.

Applicant is an independently owned local exchange telephone company that provides local exchange and other telecommunication services in the States of Arizona, Oregon, and Idaho. In Arizona, Applicant provides local exchange service

and other telecommunications services to the Young and Cascabel exchanges pursuant to certificates of convenience and necessity issued by the Commission.

II.

Applicant requests that all notices and communications concerning this application be directed to the following individuals at the addresses given below:

Lane Williams
Midvale Telephone Exchange, Inc.
2205 Keithley Creek Road
P. O. Box 7
Midvale, ID 83645
(208) 355-2211
(208) 355-2222 (fax)

With copies to:

Conley E. Ward
Givens Pursley LLP
277 North 6th Street, Suite 200
Boise, ID 83701
(208) 388-1200
(208) 388-1300 (fax)

Don Reading
Ben Johnson Associates
1227 El Pelar
Boise, ID 83702
(208) 342-1700
(208) 384-1511 (fax)

III.

The Commission last established Midvale's local exchange rates in connection with Midvale's 1994 purchase of the Young exchange from U S WEST Communications, Inc. ("U S WEST"). ACC Decision No. 58736, September 1, 1994. At the time of the Young purchase, Midvale committed to a four year freeze in local exchange rates. This rate freeze commitment expired on September 1, 1998.

IV.

The attached pre-filed direct testimony and exhibits of Lane Williams and Don Reading more fully explain Applicants' request for a rate increase and the reasons why the requested increase is just, reasonable, and in the public interest.

V

Applicant has prepared this Application using three alternative revenue requirement scenarios, all of which are based on a calendar 1999 test year. The first alternative ("Base Case") is a traditional test year adjusted for known and measurable changes. This scenario produces a net increase in revenue requirement of \$108,955 per year.

Scenario two ("EAS Case") assumes implementation of extended area service ("EAS") from Midvale's Cascabel exchange to U S WEST's Benson and San Miguel exchanges. Under this alternative, the net increase in revenue requirement is \$144,706 per year.

The final alternative ("Unserved Areas Case") assumes that Midvale extends service to two currently unserved areas, known as Millsite and Silver Bell. Under this alternative, the net revenue requirement increase would be \$181,991 on an annual basis.

VI.

Under all three scenarios, Applicant proposes to rebalance its existing rates. At present, Cascabel's local exchange rates are \$21 per month for both business and residential customers, while the corresponding base rates in Young are \$12.40 for residential customer, plus zone charges, and \$32 for businesses. Applicant proposes to standardize the local rates in both exchanges at \$24 per month for residential

customers and \$32 for businesses. In addition, Applicant proposes to decrease its intrastate access charges in both exchanges to \$.06 per minute. Other proposed rate changes are described in detail in Dr. Reading's testimony and exhibits.

VII.

Under all three scenarios, Applicant will require annual support payments from the Arizona Universal Service Fund to meet its revenue requirement. In the Base Case, Midvale will require annual AUSF payments of \$130,329. The EAS Case requires total annual AUSF draws of \$225,567. Combining the EAS Case with the Unserved Areas Case reduces the annual AUSF draw to \$221,360.

VIII.

The unserved Millsite exchange includes four contiguous subdivisions located about 15 miles south of Prescott, plus the Henderson Valley Ranch subdivision located approximately 15 miles east of Prescott. The proposed Silver Bell exchange, located southwest of Phoenix, includes the contiguous Silver Bell and Sawtooth subdivisions and the non-contiguous Rio Verde subdivision. Maps and legal descriptions of the proposed Millsite and Silver Bell exchanges are attached hereto as Exhibits A and B respectively. A larger map showing both exchanges is attached as Exhibit C.

Millsite has approximately 200 potential customers and Silver Belle approximately 185. Applicant is in the process of securing all local permits and approvals required to extend service to these areas, and will complete this process prior to the Commission's decision in this case.

IX.

A proposed Local Access Tariff, incorporating the changes referenced in the Application and the accompanying testimony, is attached is attached to Dr.

Reading's testimony as Exhibit 7. Applicant proposes that its new rates be made effective with bills issued on and after September 1, 2000.

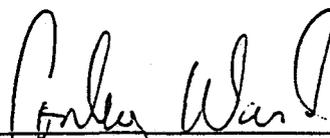

X.

Applicant stand ready for immediate consideration of this Application under such procedures as the Commission may require.

WHEREFORE, Applicants respectfully request an Order by this Commission:

1. Finding that the proposed increase requested herein is just and reasonable, and authorizing Applicant to increase annual intrastate revenues by \$181,991;
2. Authorizing Applicant to adjust its rates in accordance with the terms of this Application;
3. Authorizing Applicant to provide extended area service in accordance with the terms of this Application;
4. Providing for annual disbursements to Applicant from the Arizona Universal Service Fund in the amount of \$224,567;
4. Amending Applicant's certificate of convenience and necessity to include the currently unserved Millsite and Silver Belle area; and
5. Granting such other relief as the Commission deems just and reasonable in this matter.

RESPECTFULLY SUBMITTED this 14th day of July, 2000.

Re: Phoenix Metropolitan Exchange Maps

Dear Lori:

The attached Phoenix Metropolitan Exchange Maps are provided as replacement pages for the current maps on file at the commission. It was recently brought to our attention that Section 31, Township 5N, Range 6E, had been overlooked by our map vendor while preparing these pages. This change does not modify Qwest's existing exchange boundary, but simply corrects the tariff maps to reflect the area served by Qwest. We regret any inconvenience this may have caused.

Please let me know if you have any questions concerning this matter.

Sincerely,

A handwritten signature in cursive script that reads "Reed Peterson".
