ARIZONA CORPORATION COMMISSION

Memorandum

Date: October 24, 2005

To: Docket Control

From: Brian H. Lehman
Supervisor Railroad Safety

Re: Docket No. RR-03639A-05-0450

The above docketed case involves installing either yield or stop signs below existing crossbuck signs at all 82 Union Pacific (UP) highway-railway grade crossings. The Arizona Corporation Commission Railroad Safety Staff ("Staff") believes that the additional signs would provide enhanced safety to the public. Staff also understands that the yield or stop sign shall be installed below the existing crossbuck and at UP's own cost.

In addition, Staff recommends the hearing process be waived and this item scheduled for approval at the next available ACC Open Meeting.
