RE: Johnson Utilities Company: Compliance with Decision No. 68237
Quarterly Reports on the status of the pending La Osa and Sonoran litigation
ACC Docket Nos.: WS-02987A-04-0288

Dear Mr. Ronald:

This letter is a follow up to your discussion with our attorney Mr. Richard Sallquist of Sallquist, Drummond, & O'Connor regarding the above mentioned compliance items. It is Johnson Utilities understanding that Staff wanted the November 10, 2005 Disclosure Statement included in our first quarterly filing on the pending litigations that were to be filed this week. Since November 11, 2005 is a holiday it was agreed that Johnson Utilities would file the quarterly reports on Monday November 14, 2005 instead. Also discussed was the filing of the remaining reports on a calendar quarterly basis within the first week or 10 days after the end of each quarter. The first calendar quarter basis filing would begin in January, 2006 covering the last quarter in 2005.

Due to the voluminous size of the Disclosure Statement and some of the other legal documents it was agreed that Johnson Utilities would file the summary and "normal" documents with Docket Control and three copies of the voluminous sized documents would be filed with Ernest Johnson, Director of the Utilities Division. The Docket Control filing will reference the voluminous filing with the Utilities Division. If this letter was not to your understanding or you have any other questions or concerns, please contact me. Thank you for your time and consideration in this matter.

Sincerely,

Daniel Hodges
