SECTION 3 - DESCRIPTION OF SERVICE AND MAXIMUM RATES, (CONT'D.)

3.4 Operator Assisted Services

The Company provides the Customer operated assisted Services to aggregator locations on a per call service charge basis. In addition to the per call service charge, mileage-sensitive usage rates apply. The Company's operator services are accessible on a twenty-four (24) hour per day, seven (7) days per week basis.

Calls may be originated via traditional operator services access (0+ or 0-) or via a Company-designated access number.

(N)
(N)

The use of the Company's operator services allows the Customer to select from the special call handling or billing arrangements specified within. Call rates and applicable service charges will be assessed to the call originator, the called party's telephone number based on the call type (i.e. operator dialed, collect, third party billed, credit card billed or Customer dialed credit card billed without the use of an operator's assistance) initiated by the call originator and the appropriate acknowledgement of other parties, where applicable.

Customer Dialed Calling/Credit Card Call - This charge applies in addition to long distance usage charges for station to station calls billed to an authorized Calling Card or Commercial Credit Card. The Customer must dial the destination telephone number where the capability exists for the Customer to do so. A separate rate applies in the event operator assistance is requested for entering the Customer's card number for billing purposes.

Operator Dialed Calling/Credit Card Call - This charge applies in addition to long distance usage charges for station to station calls billed to an authorized telephone Calling Card or Commercial Credit Card and the operator dials the destination telephone number at the request of the Customer.

Operator Station - These charges apply in addition to long distance usage charges for non-Person-to-Person calls placed using the assistance of a Company operator and billed Collect, to a Third Party, by deposit of coins in Pay Telephones, or via some method other than a Calling Card or Commercial Credit Card.

Person-to-Person - This charge applies in addition to long distance usage charges for calls placed with the assistance of a Company operator to a particular party at the destination number. This charge applies regardless of billing method, including but not limited to billing to a Calling Card, Commercial Credit Card, Collect, by deposit of coins in Pay Telephones, or to a Third Party. Charges do not apply unless the specified party or an acceptable substitute is available.
