RE: IN THE MATTER OF THE APPLICATION OF QWEST CORPORATION FOR APPROVAL TO REVISE QWEST CORPORATION'S EXCHANGE AND NETWORK SERVICES PRICE CAP TARIFF TO INTRODUCE 811 SERVICE (DOCKET NO. T-01051B-05-0628)

On August 29, 2005, Qwest Corporation ("Qwest") filed tariff revisions to introduce 811 Service. The Federal Communications Commission ("FCC") has designated 811 as the national abbreviated dialing code to be used by state One Call notification systems for providing advance notice of excavation activities to underground facility operators.<sup>1</sup> The service provides for the translation of "811" to a toll free or local telephone number so that the call can be routed to the One Call. The FCC concluded that calls to One Call Centers using an abbreviated dialing code must use 811 as the national abbreviated dialing code for providing advanced notice of excavation activities to underground facility operators on or before April 13, 2007.

On September 30, 2005, the Commission in Decision No. 68181 suspended the filing for a period of ninety days. Staff has not completed its review of the filing and recommends that the filing be suspended for an additional period of 120 days.
