19 **INC.'S NOTICE OF COMPLIANCE**

20 On August 13, 2003, in Decision 66171, the Commission approved Midvale Telephone
21 Exchange's ("Midvale") application to provide Extended Area Service in its Granite Mountain
22 service territory. The Decision required Midvale to comply with Commission directives
23 included in the Order. This filing provides the Commission with notice of Midvale Telephone
24 Exchange's ("Midvale") compliance with conditions attached to the approval.

25 1. Condition: "That Midvale route incoming calls to 928-998 to an intercept recording that
advises the caller of the new area code and prefix for the Granite Mountain Exchange coincident
with the exchange being added to the Phoenix local calling area and that such recording will stay
in place for 90 days after the change to a new area code and prefix is implemented." (Decision
66171 at ¶ 32(D)).

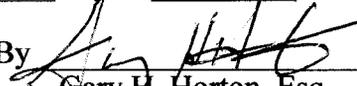

Response: Midvale routed the calls as required. Calls to 928-998 were routed to an
intercept recording for a period of 90 days after the change to a new area code and prefix was

1 implemented. The recording stated that the new area code and NXX for Granite Mountain is
2 480-683.

3 2. Condition: "That Midvale returns the 928-998 prefix to the NANPA by September
4 30, 2004 and that Staff shall be advised of its return."

5 Response: Midvale return the 928-998 prefix to the NANPA prior to September 30,
6 2004 and hereby notifies Staff of its return.
