CUSTOMER NOTIFICATION

Livco Water Company has applied to the Arizona Corporation Commission for an increase in rates. The present rates have been in effect since 1987. An increase in rates is necessary at this time due to the increased costs of operating and maintaining the water plant. The Company anticipates that the proposed rate design will not only cover increased operating expenses, but encourage water conservation as well.

The Application is available for inspection during regular business hours at the offices of the Commission in Phoenix at 1200 West Washington Street and at Livco Water Company at #1 County Road 5100 (corner of Hwy 61 & the entrance to the country club).

Customer input is an important part of the Commission's analysis of the requested adjustment and is a factor in determining whether a hearing will be conducted. Customers are encouraged to call to the Commission's attention any questions or concerns related to Livco's application, including service, billing procedures or other factors important in determining the reasonableness of charges. As a property owner or customer, you may have the right to intervene in this matter. Customers wishing to communicate with the Commission, or request information on intervention in the proceeding, should contact the Commission's Consumer Services Section at:

1-800-222-7000 in Phoenix, or 602-542-4251 if calling within the Phoenix area.

Customers are advised that the Commission may act upon the Application without a hearing. Regardless of whether a formal hearing is held, customer comments submitted in writing will be placed in the official file, which the Commission reviews prior to making the final decision on the Application. It is important that customers contact the Commission with 15 days of the receipt of this notice so that the Commission's Staff can consider customer comments and concerns in developing its recommendation to the Commission.

CUSTOMER NOTIFICATION

Livco Water Company has applied to the Arizona Corporation Commission for an increase in rates. The present rates have been in effect since 1987. An increase in rates is necessary at this time due to the increased costs of operating and maintaining the water plant. The Company anticipates that the proposed rate design will not only cover increased operating expenses, but encourage water conservation as well.

Livco Sewer Company has applied to the Arizona Corporation Commission for an increase in rates. The current rates have been in effect since 1991. An increase in rates is necessary at this time due to increases in expenses since the Livco Sewer Company first started operating in 1991.

While Livco anticipates that the proposed rate design will continue to result in net operating losses, the rate increase has been requested to be spread over three years to minimize rate shock (see backside of proposed rate information). Because the system is operating with so few customers, Livco has always subsidized the losses and will continue to do so. The Corporation Commission expects Livco to try to cover as much of its losses as possible which is why this application is being submitted.

The Applications are available for inspection during regular business hours at the offices of the Commission in Phoenix at 1200 West Washington Street and at Livco Sewer Company at #1 County Road 5100 (corner of Hwy 61 & the entrance to the country club).

Customer input is an important part of the Commission's analysis of the requested adjustment and is a factor in determining whether a hearing will be conducted. Customers are encouraged to call to the Commission's attention any questions or concerns related to Livco's applications, including service, billing procedures or other factors important in determining the reasonableness of charges. As a property owner or customer, you may have the right to intervene in this matter. Customers wishing to communicate with the Commission, or request information on intervention in the proceeding, should contact the Commission's Consumer Services Section at:

1-800-222-7000 in Phoenix, or 602-542-4251 if calling within the Phoenix area.

Customers are advised that the Commission may act upon the Application without a hearing. Regardless of whether a formal hearing is held, customer comments submitted in writing will be placed in the official file, which the Commission reviews prior to making the final decision on the Application. It is important that customers contact the Commission with 15 days of the receipt of this notice so that the Commission's Staff can consider customer comments and concerns in developing its recommendation to the Commission.
