RECEIVED

2005 NOV 30 P 3:35

AZ CORP COMMISSION  
DOCUMENT CONTROL

IN THE MATTER OF THE APPLICATION  
OF ARIZONA WATER COMPANY, AN  
ARIZONA CORPORATION, FOR  
ADJUSTMENTS TO ITS RATES AND  
CHARGES FOR UTILITY SERVICE  
FURNISHED BY ITS WESTERN GROUP  
AND FOR CERTAIN RELATED  
APPROVALS.

Docket No. W-01445A-04-0650

**CERTIFICATE OF FILING  
OF TARIFFS**

Decision No. 68302 of the Arizona Corporation Commission entered on November 14, 2005 in the above-captioned matter directed, among other things, that Arizona Water Company (the "Company") file with the Commission revised schedules of rates and charges consistent with Exhibit G and the discussion in said Decision. The Company was also ordered to file:

1. Tariffs conforming to the Central Arizona Project Hook-Up Fee approved in said Decision for the Casa Grande, Coolidge, and White Tank systems.
2. A new, Non-Potable Central Arizona Project Water tariff for its Casa Grande, Coolidge and White Tank systems in accordance with ordering paragraph 10 of said Decision.
3. A revised Tariff MA-262, concerning the Company's annual surcharge calculation for each of its water systems that participate in the Arizona Department of Environmental Quality's Monitoring Assurance Program.

IT IS HEREBY CERTIFIED THAT on the 30<sup>th</sup> day of November 2005 the Company filed with the Arizona Corporation Commission, Docket Control Division, at its main office located at 1200 West Washington Street, Phoenix, Arizona, an original and thirteen (13) copies of its revised schedules of water rates and charges; revised Tariff No. NP-274 (Non-Potable

1 Central Arizona Project Water); revised Tariff No. AM-253 (to reflect elimination of application  
2 to the Western Group systems; the Company acknowledges that its Tariff AM-254 has been  
3 discontinued as of December 1, 2005); Tariff No. MA-262 (Monitoring Assistance Program  
4 Surcharge, revised as required by Decision No. 68302); Tariff No. SC-265 (to reflect service  
5 charges for all Company systems); Tariffs Nos. HU-278, HU-279, and HU-280 (Central Arizona  
6 Project Hook-Up Fee for Coolidge, Casa Grande and White Tank systems, respectively); and  
7 Tariff No. CM-266 (revising Coin Machine Charges for the Coolidge and Stanfield systems).

8 RESPECTFULLY SUBMITTED this 30<sup>th</sup> day of November 2005.

## PURCHASED POWER ADJUSTMENT MECHANISM ("PPAM") TARIFF

Whenever Arizona Water Company's purchased power (electric and/or natural gas) expense in any of its water systems increases or decreases, or will increase or decrease, from the amount adopted by the Arizona Corporation Commission in the Company's last general rate proceeding for that system, the Company may, in accordance with the provisions of this PPAM, file a new schedule with the Commission for that system, setting forth an adjustment per 100 gallons designed to recover such increased or decreased purchased power expense, provided that:

1. The total amount of the increase or decrease in the purchased power expense will be calculated by comparing the Company's normalized cost for power during the test year utilized in its last general rate case with the Company's normalized cost of power for that test year computed at the Company's new increased or decreased cost for power.
2. The total change in power cost will be divided by the total gallonage pumped during the test year to determine the adjusted increase or decrease per 100 gallons.
3. The calculated increase or decrease in rates for the system must amount to at least \$0.001 per 100 gallons (rounded up or down from five) before an adjustment can be made.
4. All revised schedules filed with the Arizona Corporation Commission pursuant to the provisions of this PPAM will be accompanied by workpapers prepared by the Company in a format approved by the Utilities Division Staff of the Commission and will be in sufficient detail to enable the Commission to test the accuracy of the Company's calculations.
5. The new schedules filed by the Company under the provisions of this PPAM will become effective either on the date the schedules are approved for filing, if the purchased power expense has already increased, or decreased, or on the date the increased or decreased purchased power expense becomes effective, if it has not yet changed.
6. Illustration of application of the above PPAM, assuming the following test year data:
  - A) 4,000,000 H Gallons Pumped
  - B) 3,300,000 H Gallons Sold (82.5%)
  - C) 700,000 H Gallons Unaccounted For (17.5%)
  - D) \$100,000 Purchased Power Expense
  - E) 1,250,000 KWH

Should Purchased Power Rates increase at a future date such that the new Power Rates x (E) = \$125,000, a Purchased Power Expense pass thru calculation would be initiated.

### Pass Thru Calculation Steps:

- 1)  $\$125,000 - \$100,000 = \$25,000$  Total Purchased Power Increase
- 2)  $\$25,000 \div 4,000,000$  H Gallons Pumped = \$0.00625/H Gallon
- 3) Step (2) Rounded Per Provisions of Tariff = \$0.006/H Gallon
- 4)  $\$0.006/\text{H Gallon} \times \text{Actual Gallons Used Including Gallons In Minimum} = \text{PPAM Charge on Bill}$

## NON-POTABLE CENTRAL ARIZONA PROJECT WATER

### AVAILABILITY:

In the Company's Apache Junction, Casa Grande, Coolidge, and White Tank water systems, where and when Central Arizona Project ("CAP") water is available.

### SUITABILITY:

It is the customer's responsibility to determine the initial and continuing suitability of the non-potable CAP water furnished under this tariff for any intended uses. The Company does not treat, test or monitor non-potable CAP water and furnishes it to customers strictly on an "as received" basis from the Central Arizona Water Conservation District ("CAWCD"). The customer agrees to accept non-potable CAP water "as received." Compliance with any requirement of the Arizona Department of Environmental Quality, or any other agency having jurisdiction, concerning the use or quality of non-potable CAP water shall be the sole responsibility of the customer. The Company will not be liable for, and the customer will hold harmless, indemnify and defend the Company against, any injuries or damages arising from its service of non-potable CAP water.

### FACILITIES AND DEMAND:

When applying for non-potable CAP water service, the customer shall specify the maximum annual quantity of CAP water in acre feet (AF) that it intends to use under this tariff schedule and pursuant to a Non-Potable Water Facilities Contribution Agreement. This quantity of water will be used to determine the facilities required to serve the customer and will be the customer's maximum demand for non-potable CAP water ("CAP Demand") during any calendar year. The customer will be responsible for both the deferred (including holding costs) and the current annual CAWCD M&I Water Service Capital Charges on the CAP Demand and on any water use in excess of the CAP Demand.

The customer will contribute the funds required to install all facilities needed to provide CAP water. Such facilities will be owned by the Company.

The Deferred CAP Demand Charge includes the deferred annual CAWCD M&I Water Service Capital Charges and associated holding costs for the customer's CAP Demand. The Deferred CAP Demand Charge is payable prior to the start of service or within fifteen (15) days of any approved increase in CAP Demand. The Deferred CAP Demand Charge will be payable only on any future increase in CAP Demand for those customers receiving service under this tariff as of the effective date. The Deferred CAP Demand Charge is not refundable if the customer's CAP Demand is later reduced.

Effective 12/01/2005  
Revised 3/15/99  
Revised 1/18/95  
Revised 1/15/99  
Revised 11/21/05

## NON-POTABLE CENTRAL ARIZONA PROJECT WATER - continued

**MONTHLY BILL:**

The monthly billing will consist of the following components:

1. A monthly CAP Demand charge equal to 1/12th of the customer's CAP Demand in AF times the applicable CAWCD M&I Water Service Capital Charge per AF. Should the customer's actual water use exceed the customer's CAP Demand, the customer will be billed an additional demand charge, based on the applicable CAWCD M&I Water Service Capital Charge, on the excess water use.

2. A commodity charge designed to pass on all costs of non-potable CAP water, except the monthly CAP Demand charge, as billed to the Company during the previous month by the CAWCD or any other authorized governmental agency.

3. A power and maintenance charge based on the specific requirements of each customer.

A. The power component will be the direct and separately metered cost of the power billed to the Company during the previous month for CAP water delivered to the customer. If multiple customers are being served by common facilities, the power component will be prorated based on CAP water actually used during the month by each customer.

B. The maintenance component will be the actual costs of maintaining, repairing, and replacing the facilities required to serve the customer, plus a ten percent (10%) charge to provide for overhead and margin; provided however, that the customer shall not be liable for maintenance, repair, or replacement charges, when the damage or injuries to the CAP facilities are a result in the failure of the Company to operate the facilities or install protective devices in accordance with customary or sound construction and engineering practices. If multiple customers are being served by common facilities, the maintenance component will be prorated based on each customer's CAP Demand. The customer shall be responsible for the repair or replacement of the meter. However, the repair charges, during a single maintenance event, shall not exceed the current replacement cost of the item under repair.

C. A fixed administrative cost of fifty dollars (\$50) per month to be recalculated and adjusted annually.

**Late Charge:** Any payment not received within fifteen (15) days from the postmark date of the bill will be delinquent and subject to a late charge of one and one-half percent (1 1/2%) per month.

**Adjustment:** An adjustment for state and local taxes, which will be the applicable proportionate part of any taxes or governmental impositions which are, or in the future may be, assessed on the basis of the gross revenues of the Company and/or the price or revenue from the water or service sold and/or the volume of water pumped or purchased for sale and/or sold hereunder and any tax or similar assessment based on the withdrawal, delivery or use of water. In the event of any increase or decrease in taxes or other governmental impositions, rates shall be adjusted to reflect such tax increase or decrease.

**TERMS AND CONDITIONS:**

Subject to the Company's Tariff Schedule TC-243.

## MONITORING ASSISTANCE PROGRAM SURCHARGE

### PURPOSE:

Under the provisions of A.R.S. §49-360, beginning January 1, 1999 all water systems in Arizona serving 10,000 or fewer persons shall participate in a Monitoring Assistance Program (MAP). The Arizona Department of Environmental Quality (the "ADEQ") has promulgated extensive regulations for the implementation of the MAP, which regulations are codified at Title 18, Chapter 4 of the Arizona Administrative Code. The purpose of this surcharge is to recover the annual change in testing and noticing costs resulting from compliance with the MAP over a twelve-month period through a separately stated fee on each customer's monthly bill.

### APPLICABILITY:

The monthly surcharge will apply to all metered customers in the Company's ADEQ water systems that are required to participate in the MAP program. Initially, the eighteen ADEQ water systems listed above serve 10,000 or fewer persons and must participate in the MAP. The Apache Junction, Casa Grande and Sedona water systems are not required to participate in the MAP because they each serve more than 10,000 persons.

### MONTHLY SURCHARGE OR CREDIT:

The Company will recover the increased testing costs resulting from compliance with the MAP through a separately stated fee on each customer's monthly bill computed in an annual surcharge calculation filing with the Arizona Corporation Commission.

At least two months prior to the end of the first and each subsequent twelve (12) month surcharge period, the Company will file a revised surcharge calculation for each water system required to participate in the MAP program with the Director of the Utilities Division so that Staff can review the proposed true-up. The filing will be based on the new MAP costs invoiced, the annual noticing cost, and the estimated over or under collection for the current surcharge period and the estimated average number of meters to be billed. Unless the Commission adjusts or denies the surcharge or determines that further investigation of the surcharge true-up is required, the revised per meter surcharge will become effective on the first of the month following the end of the then current surcharge period.

A copy of the surcharge calculations for each water system will be available for public inspection at each of the company's offices throughout Arizona.

Effective: 12/01/2005  
Revised: 11/30/2005

## SERVICE CHARGES

### AVAILABILITY:

In all cities, towns and unincorporated areas in which the Company provides general water utility services.

1. **ESTABLISHMENT** - \$16.00, each time an account is established for all customers from the above systems.
2. **GUARANTEE DEPOSIT** - Residential-maximum: Two (2) times the average customer class bill. Non-Residential-maximum: Two and one-half (2½) times that customer's estimated maximum monthly bill.
3. **RECONNECTION FOR DELINQUENCY** - \$16.00, each time customer is disconnected.
4. **RE-ESTABLISHMENT** - Eight (8) times the customer's monthly minimum charge, or payment of the minimums since disconnection, whichever is less.
5. **SERVICE CALL OUT** - During regular working hours - No charge. After regular working hours, on Saturdays, Sundays or holidays - \$35.00.
6. **RETURNED CHECK** - \$25.00 for each check returned.
7. **METER RE-READ** - No charge, if done during regular working hours, otherwise, a \$35.00 service call out.
8. **METER TEST** - No charge for the first test; for the second test for the same customer within any twelve (12) month period, \$50.00, or actual time and material, whichever is greater.
9. **SERVICE LINE AND METER INSTALLATION** - No charge for 5/8" and 1" if on *existing* pipelines. Full cost for 5/8" and 1" if on *new* pipelines. Full cost for 2" and larger if on *existing* or *new* pipelines. Advances for service line and meter installation shall be refundable.
10. **LATE CHARGE** - 1.5 percent after 15 days.

### ADJUSTMENT:

Plus the applicable proportionate part of any taxes or governmental impositions which are or may in the future be assessed on the basis of the gross revenues of the Company and/or the price or revenue from the water or service sold and/or the volume of water pumped or purchased for sale and/or sold hereunder and any tax or similar assessment based on the withdrawal, delivery or use of water. In the event of any increase or decrease in taxes or other governmental impositions, rates shall be adjusted to reflect such increase or decrease.

### TERMS AND CONDITIONS:

Subject to the Company's Tariff Schedule TC-243.

## COIN MACHINE SERVICE

### AVAILABILITY:

In all cities, towns and unincorporated areas in which the Company has a general water utility business where a coin machine is available for customers to haul water to point of use.

**RATE:** Shall be based on applicable system commodity charge including appropriate adjustments as provided in this tariff schedule.

**Adjustment:** Plus the applicable proportionate part of any taxes or governmental impositions which are or may in the future be assessed on the basis of the gross revenues of the Company and/or the price or revenue from the water or service sold and/or the volume of water pumped or purchased for sale and/or sold hereunder and any tax or similar assessment based on the withdrawal, delivery, or use of water. In the event of any increase or decrease in taxes or other governmental impositions, rates shall be adjusted to reflect such increase or decrease.

### SPECIAL PROVISIONS:

Gallons delivered per quarter (25 cent coin) shall be calculated as follows:

$$\frac{\$ \text{ Cost (including taxes) per 1,000 gallons}}{\$0.25} = \text{Number of Quarters Per 1,000 Gallons}$$

$$\therefore 1,000 \text{ Gallons} \div \text{No. of Quarters} = \text{Gallons/Quarter}$$

### TERMS AND CONDITIONS:

Subject to the Company's Tariff Schedule TC-243.

## CENTRAL ARIZONA PROJECT HOOK-UP FEE

### **I. PURPOSE AND APPLICABILITY**

The purpose of the Central Arizona Project ("CAP") Water Hook-up Fee ("CAP Fee") payable to **Arizona Water Company** ("the Company") pursuant to this tariff is to equitably apportion the costs of CAP water. These charges are applicable to all new service connections established after the effective date of the tariff. The charges are one-time charges and are payable as a condition to the Company's establishment of service, as more particularly provided below.

### **II. DEFINITIONS**

Unless the context otherwise requires, the definitions set forth in R-14-2-401 of the Arizona Corporation Commission's ("Commission") rules and regulations governing water utilities shall apply in interpreting this tariff schedule.

"Applicant" means any party entering into an agreement with the Company for the installation of water facilities to serve new service connections.

"CAP costs" means Commission allowed on-going and deferred costs known as Municipal and Industrial capital charges incurred by the Company with regard to its CAP water allocations. These costs shall include allowance for funds used during construction which rate shall be the Company's annual cost of debt.

"Company" means Arizona Water Company, an Arizona corporation.

"Main Extension Agreement" means any agreement whereby an applicant agrees to advance the costs of the installation of water facilities to the Company to serve new service connections, or install water facilities to serve new service connections and transfer ownership of such water facilities to the Company, which agreement shall require the approval of the Commission's Utilities Division (same as line extension agreement).

"Service Connection" means and includes all service connections for residential, commercial, industrial, or other uses, regardless of meter size except for temporary services and separate fire protection services.

**III. CAP HOOK-UP FEE CHARGES**

Each new service connection shall pay the CAP Fee derived from the following table:

I. Meter Size	II. Fee
5/8" X 3/4"	\$208
3/4"	\$208
1"	\$208
1-1/2"	\$733
2"	\$1,173
3"	\$2,347
4"	\$3,667
6" or larger	\$7,333

**IV. TERMS AND CONDITIONS**

- (A) Assessment of One Time CAP Fee: The CAP Fee may be assessed only once per service connection, or lot within a platted subdivision (similar to service line and meter installation charges). However, this provision does not exempt from the CAP Fee, any newly created parcel(s) which are the result of further subdivision of a lot or land parcel and which do not have a service connection.
- (B) Use of CAP Fee: CAP Fees may only be used to pay for CAP costs as defined herein. CAP Fees shall not be used for expenses, maintenance, or operational purposes.
- (C) Time of Payment:
  - (1) In the event that the Applicant is required to enter into a main extension agreement, whereby the Applicant agrees to advance the costs of installing mains to which new direct service connections will be made, valves, fittings, hydrants and other on-site improvements in order to extend service in accordance with R-14-2-406(B), payment of the charges required hereunder for those service connections shall be made by the Applicant within 15 calendar days after receipt of notification from the Company that the Utilities Division of the Commission has approved the main extension agreement in accordance with R-14-2-406(M).
  - (2) In the event the Applicant is not required to enter into a main extension agreement, the charges hereunder shall be due and payable at the time the service is initially established.
- (D) Failure to Pay Charges, Delinquent Payments: Under no circumstances will the Company set a meter or otherwise allow service to be established if the Applicant has not paid in full all charges as provided by this CAP Fee tariff.
- (E) CAP Fee Non-refundable: The amounts collected by the Company pursuant to this CAP Fee Tariff shall be non-refundable.
- (F) Use of Charges Received: All funds collected by the Company as CAP Fees shall be used solely for the purpose of paying for CAP costs as defined herein.
- (G) CAP Fee in Addition to Other Charges: The CAP Fee shall be in addition to any costs associated with a main extension agreement for on-site facilities, and are in addition to the amounts to be advanced pursuant to charges authorized under other sections of this tariff.
- (H) Termination of CAP Fee: The CAP fee shall be terminated when all CAP costs (as defined herein) have been collected or when ordered by the Commission, whichever occurs first.

## CENTRAL ARIZONA PROJECT HOOK-UP FEE

### **I. PURPOSE AND APPLICABILITY**

The purpose of the Central Arizona Project ("CAP") Water Hook-up Fee ("CAP Fee") payable to **Arizona Water Company** ("the Company") pursuant to this tariff is to equitably apportion the costs of CAP water. These charges are applicable to all new service connections established after the effective date of the tariff. The charges are one-time charges and are payable as a condition to the Company's establishment of service, as more particularly provided below.

### **II. DEFINITIONS**

Unless the context otherwise requires, the definitions set forth in R-14-2-401 of the Arizona Corporation Commission's ("Commission") rules and regulations governing water utilities shall apply in interpreting this tariff schedule.

"Applicant" means any party entering into an agreement with the Company for the installation of water facilities to serve new service connections.

"CAP costs" means Commission allowed on-going and deferred costs known as Municipal and Industrial capital charges incurred by the Company with regard to its CAP water allocations. These costs shall include allowance for funds used during construction which rate shall be the Company's annual cost of debt.

"Company" means Arizona Water Company, an Arizona corporation.

"Main Extension Agreement" means any agreement whereby an applicant agrees to advance the costs of the installation of water facilities to the Company to serve new service connections, or install water facilities to serve new service connections and transfer ownership of such water facilities to the Company, which agreement shall require the approval of the Commission's Utilities Division (same as line extension agreement).

"Service Connection" means and includes all service connections for residential, commercial, industrial, or other uses, regardless of meter size except for temporary services and separate fire protection services.

**III. CAP HOOK-UP FEE CHARGES**

Each new service connection shall pay the CAP Fee derived from the following table:

I. Meter Size	II. Fee
5/8" x 3/4"	\$150
3/4"	\$150
1"	\$150
1-1/2"	\$500
2"	\$800
3"	\$1,600
4"	\$2,500
6" or larger	\$5,000

**IV. TERMS AND CONDITIONS**

- (A) Assessment of One Time CAP Fee: The CAP Fee may be assessed only once per service connection, or lot within a platted subdivision (similar to service line and meter installation charges). However, this provision does not exempt from the CAP Fee, any newly created parcel(s) which are the result of further subdivision of a lot or land parcel and which do not have a service connection.
- (B) Use of CAP Fee: CAP Fees may only be used to pay for CAP costs as defined herein. CAP Fees shall not be used for expenses, maintenance, or operational purposes.
- (C) Time of Payment:
- (1) In the event that the Applicant is required to enter into a main extension agreement, whereby the Applicant agrees to advance the costs of installing mains to which new direct service connections will be made, valves, fittings, hydrants and other on-site improvements in order to extend service in accordance with R-14-2-406(B), payment of the charges required hereunder for those service connections shall be made by the Applicant within 15 calendar days after receipt of notification from the Company that the Utilities Division of the Commission has approved the main extension agreement in accordance with R-14-2-406(M).
  - (2) In the event the Applicant is not required to enter into a main extension agreement, the charges hereunder shall be due and payable at the time the service is initially established.
- (D) Failure to Pay Charges, Delinquent Payments: Under no circumstances will the Company set a meter or otherwise allow service to be established if the Applicant has not paid in full all charges as provided by this CAP Fee tariff.
- (E) CAP Fee Non-refundable: The amounts collected by the Company pursuant to this CAP Fee Tariff shall be non-refundable.
- (F) Use of Charges Received: All funds collected by the Company as CAP Fees shall be used solely for the purpose of paying for CAP costs as defined herein.
- (G) CAP Fee in Addition to Other Charges: The CAP Fee shall be in addition to any costs associated with a main extension agreement for on-site facilities, and are in addition to the amounts to be advanced pursuant to charges authorized under other sections of this tariff.
- (H) Termination of CAP Fee: The CAP fee shall be terminated when all CAP costs (as defined herein) have been collected or when ordered by the Commission, whichever occurs first.

## CENTRAL ARIZONA PROJECT HOOK-UP FEE

### **I. PURPOSE AND APPLICABILITY**

The purpose of the Central Arizona Project ("CAP") Water Hook-up Fee ("CAP Fee") payable to **Arizona Water Company** ("the Company") pursuant to this tariff is to equitably apportion the costs of CAP water. These charges are applicable to all new service connections established after the effective date of the tariff. The charges are one-time charges and are payable as a condition to the Company's establishment of service, as more particularly provided below.

### **II. DEFINITIONS**

Unless the context otherwise requires, the definitions set forth in R-14-2-401 of the Arizona Corporation Commission's ("Commission") rules and regulations governing water utilities shall apply in interpreting this tariff schedule.

"Applicant" means any party entering into an agreement with the Company for the installation of water facilities to serve new service connections.

"CAP costs" means Commission allowed on-going and deferred costs known as Municipal and Industrial capital charges incurred by the Company with regard to its CAP water allocations. These costs shall include allowance for funds used during construction which rate shall be the Company's annual cost of debt.

"Company" means Arizona Water Company, an Arizona corporation.

"Main Extension Agreement" means any agreement whereby an applicant agrees to advance the costs of the installation of water facilities to the Company to serve new service connections, or install water facilities to serve new service connections and transfer ownership of such water facilities to the Company, which agreement shall require the approval of the Commission's Utilities Division (same as line extension agreement).

"Service Connection" means and includes all service connections for residential, commercial, industrial, or other uses, regardless of meter size except for temporary services and separate fire protection services.

## CENTRAL ARIZONA PROJECT HOOK-UP FEE - continued

**III. CAP HOOK-UP FEE CHARGES**

Each new service connection shall pay the CAP Fee derived from the following table:

I. Meter Size	II. Fee
5/8" x 3/4"	\$500
3/4"	\$500
1"	\$500
1-1/2"	\$1,667
2"	\$2,667
3"	\$5,333
4"	\$8,333
6" or larger	\$16,667

**IV. TERMS AND CONDITIONS**

- (A) Assessment of One Time CAP Fee: The CAP Fee may be assessed only once per service connection, or lot within a platted subdivision (similar to service line and meter installation charges). However, this provision does not exempt from the CAP Fee, any newly created parcel(s) which are the result of further subdivision of a lot or land parcel and which do not have a service connection.
- (B) Use of CAP Fee: CAP Fees may only be used to pay for CAP costs as defined herein. CAP Fees shall not be used for expenses, maintenance, or operational purposes.
- (C) Time of Payment:
- (1) In the event that the Applicant is required to enter into a main extension agreement, whereby the Applicant agrees to advance the costs of installing mains to which new direct service connections will be made, valves, fittings, hydrants and other on-site improvements in order to extend service in accordance with R-14-2-406(B), payment of the charges required hereunder for those service connections shall be made by the Applicant within 15 calendar days after receipt of notification from the Company that the Utilities Division of the Commission has approved the main extension agreement in accordance with R-14-2-406(M).
  - (2) In the event the Applicant is not required to enter into a main extension agreement, the charges hereunder shall be due and payable at the time the service is initially established.
- (D) Failure to Pay Charges, Delinquent Payments: Under no circumstances will the Company set a meter or otherwise allow service to be established if the Applicant has not paid in full all charges as provided by this CAP Fee tariff.
- (E) CAP Fee Non-refundable: The amounts collected by the Company pursuant to this CAP Fee Tariff shall be non-refundable.
- (F) Use of Charges Received: All funds collected by the Company as CAP Fees shall be used solely for the purpose of paying for CAP costs as defined herein.
- (G) CAP Fee in Addition to Other Charges: The CAP Fee shall be in addition to any costs associated with a main extension agreement for on-site facilities, and are in addition to the amounts to be advanced pursuant to charges authorized under other sections of this tariff.
- (H) Termination of CAP Fee: The CAP fee shall be terminated when all CAP costs (as defined herein) have been collected or when ordered by the Commission, whichever occurs first.
