Re: Docket No. E-01345A-01-0822 — In the Matter of Arizona Public Service Company's Request for a Variance of Certain Requirements of A.A.C. R-14-2-1602

Dear Ms. Farmer:

In light of the discussion at the Procedural Conference on December 5, 2001, I would like to clarify SRP's position with respect to intervention in the above-referenced matter. SRP does not seek to intervene in this docket at this time.

However, A.R.S. § 30-802(A) requires public power entities and the Commission to "coordinate their efforts in the transition to competition in electric generation service to promote consistent statewide application of their respective rules, procedures and orders." Therefore, if this docket is subsequently broadened to include a discussion of policy issues concerning electric competition in Arizona, SRP would like to reserve its right to intervene at that time.

Sincerely,

Kelly J. Barr
