Re: Docket Number E-01345A-01-0822
Arizona Public Service Request

To Whom It May Concern:

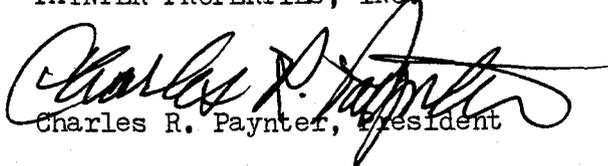

I deny and dispute that the public notice received is acceptable and/or appropriate. It is lacking in required information and places an undue burden on certain disadvantaged people within our society.

The notice requires certification that a copy of the motion to intervene has been mailed to the Company and to all parties of record in the case. It further specifies that notice to the Company must be given to the Company's counsel.

No names or addresses are listed or provided. While I may have the education, legal assistance and other available assets to ferret out this information, you know perfectly well that a large segment of our society does not. At the very minimum, a complete listing of all names and addresses must be provided. This would be necessary to maintain at least the suggestion of an outreach to all customers.

This Public Notice is completely unacceptable and should be withdrawn for appropriate changes and corrections.

Very truly yours,
