RMR

PAGE 23, LINE 17,

INSERT: "However, we are not convinced that it is necessary to our goal of encouraging the development of a robust wholesale generation market in Arizona to include RMR in this initial solicitation. Additional RMR information and studies may be helpful in developing an appropriate proposal for soliciting and evaluating RMR bids for consideration in future competitive solicitations. Therefore, we will accept APS' proposal that RMR workshops be timely held and direct Staff to organize such a workshop or series of workshops as Staff determines is appropriate to provide additional RMR information for the solution process."

(Make conforming changes to the Proposed Order to remove RMR from the initial solicitation).
