Dear Commissioners,

REF: A P S Rate Increase, 20% +

Here we go again; but this time looks like Wall Street interests will call the shots, to make sure the increase is granted. If not, then you are "Junk" bonds.

I am a 77 year Senior Citizen, and am down at the bottom of the barrel as to saving any more on electrical useage. Maybe APS could devise a plan to 'grandfather' the Seniors over 75 and not raise their rates until they die off in a few years.

Otherwise there will be many more deliquent bills each month. There is no one for me ask for an increase in my monthly check to ward of higher prices etc.

Do all you can to pare down this request of such high rates.

Sincerely,

Harold D Grabman
