Re: Cox Arizona Telcom, L.L.C. ("Cox"): Amended Effective
Date for Tariff Revisions
Docket Number T-03471A -01-0778

To Whom It May Concern:

On October 2, 2001, Cox filed tariff revisions in the above-referenced docket and requested Commission authorization to increase its maximum rate for residential second line combination customers. Cox had requested that those revisions become effective on December 31, 2001. Cox has since determined that due to issues regarding the programming of its billing system to accommodate the change in the rate, Cox must delay the implementation of the increase until January 13, 2002. Therefore, attached hereto are amended tariff pages to reflect the January 13, 2002 effective date.

Additionally, please be advised that Cox has amended its customer notification of the proposed increase to comport with the new effective date. Cox will commence notifying its customers via bill message to commence running on October 23, 2001. A copy of the form of notice is also attached hereto. Therefore, in order to ensure that all customers receive notification of the proposed increase prior to Commission approval, Cox requests that the matter be considered by the Commission at its November 27, 2001 Open Meeting.

If you have any questions or comments, please do not hesitate to contact me.

Sincerely,

Bradley S. Carroll
Manager, Regulatory Affairs
