Re: Virgin Mountain Utilities Company; Docket No.; Docket No W-03551A-04-0325,
CC&N Extension Application

Dear Ms. Ryan:

Based on our discussions with Staff Attorney Ronald, we have modified Sheet No 19 of the Curtailment Tariff consistent with the new Staff recommended form. We inadvertently submitted this Tariff on January 13, 2006 with language from a prior version.

Enclosed please find 15 copies of a revised Sheet No 19. We would request that you substitute this page in the January 13 filing.

I apologize for any confusion this may have caused. In the event you have any questions regarding this matter, please do not hesitate to contact the undersigned.

Sincerely,

Richard L. Sallquist

PART TWO**STATEMENT OF TERMS AND CONDITIONS**
WATER SERVICENotice Requirements:

1. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.
2. Company shall post at least four (4) signs showing curtailment stage. Signs shall be posted at noticeable locations, like at the well sites and at the entrance to the major subdivision served by the Company.
3. Company shall notify the Consumer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering Stage 4.

Customers who fail to comply with cessation of outdoor use provisions will be given a written notice to end all outdoor use. Failure to comply with in two (2) working days of receipt of the notice will result in temporary loss of service until an agreement can be made to end unauthorized use of outdoor water. To restore service, the customer shall be required to pay all authorized reconnection fees. If a customer believes he/she has been disconnected in error, the customer may contact the Commission's Consumer Services Section at 1-800-222-7000 to initiate an investigation.

Once Stage 4 has been reached, the Company must augment the supply of water by hauling or through an emergency interconnect from an approved supply or must otherwise provide emergency drinking water for its customers until a permanent solution has been implemented.
