##### 6.5.1 Non-Published Service

Non-Published Service provides for suppression of printed and recorded directory listings. A Customer's name and number do not appear in printed directories or Directory Assistance records. The telephone numbers of Non-Published Service or the name and billing address that correspond to a non-published number may be divulged in the following instances:

- A. First, in the interest of public safety, where a government agency subscribes to Enhanced Universal Emergency Telephone Number Service (E911) the telephone number and address, but not the name, of a customer with non-published service will be displayed when the customer dials 911 to a government employee at a console at a Public Safety Answering Point for dispatch of emergency service.
- B. Second, the billing name and address that correspond to a non-published telephone number will be furnished to a subscriber to Billing Name and Address (BNA) Service if the customer with the non-published service makes a call that uses the service of the BNA subscriber.

##### 6.5.2 Non-Listed Service

Non-Listed Service provides for suppression of printed directory listings only. Parties may still obtain the Customer's number by calling Directory Assistance.

##### 6.5.3 Additional Listing

Additional listings are confined to the names of those who are entitled to use the customer's service.
