**Re: Relinquishment of the CPCN of Shared Communications Services, Inc., d/b/a SCS
of Arizona, Inc. (T-03359A)**

T-03359A-06-0050

To Whom It May Concern:

As noted in earlier correspondence with the Arizona Corporation Commission (Commission), Eschelon Telecom, Inc. (Eschelon) acquired the stock of Advanced TelCom, Inc. (ATI) and its subsidiary, Shared Communications Services, Inc. (SCS) at the close of business December 31, 2004. On October 28, 2005, Eschelon filed with the Commission the Confidential Annual Reports of Advanced TelCom, Inc. and Shared Communications Services, Inc. d/b/a SCS of Arizona, Inc. While those reports indicated that ATI and SCS generated Arizona intrastate revenues, it also showed that neither ATI nor SCS had any residential or business access lines in Arizona, or any Arizona assets associated with the revenue. It is Eschelon's belief that the revenues reported were most likely due to occasional travel card usage within the state. Eschelon has completed its integration of the ATI/SCS billing system with its own and will report any such revenue generated during 2005 as its own via its Eschelon Telecom of Arizona, Inc. subsidiary.

Therefore, Eschelon Telecom, Inc. respectfully requests that the Commission permit Shared Communications Services, Inc. d/b/a SCS of Arizona, Inc., T-03359A, to relinquish its Certificate of Public Convenience and Necessity (CPCN) granted January 14, 1998 in Decision 60570. As noted above, SCS has no Arizona customers.

If you have any questions regarding this request, please contact me directly.

Sincerely,

Cathy Murray
