RE: IN THE MATTER OF THE APPLICATION OF NORTH AMERICAN COMMUNICATIONS CONTROL, INC. TO WITHDRAW THEIR CERTIFICATE OF CONVENIENCE AND NECESSITY (DOCKET NO. T-03380A-03-0513)

On July 25, 2003, North American Communications Control, Inc. ("North American") filed an application to withdraw its Certificate of Convenience and Necessity.

In its application, North American stated "We have not participated in telecommunications since September of 2002. We currently sold all our assets including all customers and service in an Asset Acquisition with ARC networks dba Infohighway Communications. We are currently not active in any business including telecommunications."

On December 22, 2005, Staff was unable to reach Ms. Brigette Nally at the telephone number provided in North American's application. A voice message was left by Staff asking that Ms. Nally call Armando Fimbres at 602-542-0742 as soon as possible.

On December 23, 2005, Staff issued an information request via certified mail to North American. The letter was returned unopened, marked Return to Sender.

Although North American has not responded to Staff's phone call and information request, Staff believes North American's application should be approved.
