Re: Self-certification Letter – Arizona Corporation Commission – Decision #63762
Docket Control #L-00000V-01-0109

Dear Ms. Battista:

This Self-certification Letter refers to the above Decision Number for the Certificate of Environmental Compatibility (“CEC”) for Gila Bend Power Partners, LLC’s project in Gila Bend, AZ. The power generation station and site referred to in the CEC Decision has been delayed due to market conditions. The activities relating to the initial conditions established by the CEC document are as follows and reference numbers correspond to the conditions as numbered in the CEC:

1. The construction of the power generation station has been delayed due to market conditions; however, its construction and operation will comply with applicable air and water pollution control standards and regulations, and with all applicable ordinances, master plans, and regulations of the State of Arizona, the County of Maricopa, the United States, and any other governmental entity having jurisdiction.
2. A copy of any transmission agreements will be forwarded to the Arizona Corporation Commission as soon as the documents are completed and signed.
3. The planning and construction of the transmission line and related switchyard will comply with all applicable statutes, rules, and regulations.
4. Prior to energization, a RF Frequency Identification and Mitigation Program will be instituted as required by the CEC.
