RECEIVED

I understand that APS is planning another rate hike plan as of March 8, 2006 to increase our electric bills hike another % (20%) this is outrages. They recently had an increase of almost 10% for gas consumption.

They promised us almost a year ago no more rate hikes and they still, APS, still wants to rob us blind and become a robber baron society to take advantage of the middle to poor class and make the APS Company a large empire and very RICH!

Mr. Jack Davis, APS CEO, must still be out of his mind! He wants APS to be a very powerful electric company and rob the middle to poor class like the Italian Mafia, by using muscle against us to make us poorer and APS very RICH!

I am opposed to another outrages increase in our electric bills even higher by 20%.

Someone should look into Mr. Jack Davis business ethnics and should challenge him and also APS electric Company.

Mr. Jack Davis promised you, the Corporation Commission Utilities Division, the Press, and the public about a year ago no more rate hikes- Mr. Jack Davis lied to everyone and he is getting away with this! And he knows that now that he can!

Sincerely your,

Jamey Taylor

RE: ARIZONA PUBLIC SERVICE

Dear Ms. Taylor:

Your letter regarding the Arizona Public Service ("APS") rate case will be placed on file with the Docket Control Center of the Arizona Corporation Commission ("Commission") to be made part of the record. The Commission will consider your comments before a decision is rendered in the APS application.

The concerns raised in letters received from customers will assist the Commission in the investigation and review of the rate application. The Commission's independent analysis of the utility and its rate request attempts to balance the interest of the utility and its customers.

Commission Staff is very sensitive to the burden that high utility rates can place on the consumer, and though constitutionally required to allow a fair return to the utility, does everything within its authority to protect the consumer.

Staff appreciates your comments and the interest taken on the proposed rate increase. If you should have any questions relating to this issue, please call me toll free at (800) 222-7000.

Sincerely,

Carmen Madrid
Public Utility Consumer Analyst
Utilities Division
