IN THE MATTER OF THE APPLICATION  
OF ONE POINT COMMUNICATIONS-  
COLORADO, LLC TO DISCONTINUE  
COMPETITIVE FACILITIES-BASED  
AND RESALE INTRASTATE,  
INTERLATA AND INTRALATA  
TELECOMMUNICATIONS SERVICES  
AND LOCAL EXCHANGE SERVICES  
AND TO CANCEL CERTIFICATE OF  
CONVENIENCE AND NECESSITY

Docket No. T-03475A-06-0104

**APPLICATION TO DISCONTINUE  
SERVICES AND TO CANCEL  
CERTIFICATE OF CONVENIENCE  
AND NECESSITY**

Pursuant to Arizona Administrative Code R14-2-1107, OnePoint Communications - Colorado, LLC (doing business as Verizon Ave.) ("OPC" or "the Company") hereby files this application to discontinue competitive facilities-based and resale intrastate interLATA and intraLATA telecommunications services and local exchange services effective May 1, 2006, and to cancel its Certificate of Convenience and Necessity ("CC&N") ("Application").

On April 30, 1999, OPC filed an application with the Arizona Corporation Commission ("Commission") for a CC&N to provide statewide competitive facilities-based and resale intrastate interLATA and intraLATA telecommunications services and local exchanges services. The Commission granted the CC&N in Decision No. 62086 on October 21, 1999. On February 17, 2006, OPC filed a notice with the Commission of its intention to file an application to discontinue all telecommunications services and cancel its CC&N ("Notice"). The Company filed, on February 23, 2006, a Request for

1 Waiver of the 60 day notice period prior to filing an application.

2 As of the date of this Application, OPC provided resold residential local exchange  
3 and long distance services to 80 customers in the Phoenix and Tucson metropolitan  
4 areas. As any industry observer is aware, the technological and competitive landscape of  
5 the telecommunications industry is rapidly evolving. Increased focus on broadband  
6 offerings has rendered the Company's narrowband voice offerings less competitive and  
7 less attractive. As a result, the Company is exiting the resale of voice services on a  
8 nationwide basis, and is no longer actively marketing its resold voice services. The  
9 Company seeks expedited processing of this Application and approval of its May 1,  
10 2006, exit date to comply with FCC requirements and to coordinate its efforts in Arizona  
11 with other states across the nation. Customer notification and transfer is already  
12 underway in a number of those states, and the plan is to complete this process as quickly  
13 as possible consistent with applicable state and FCC requirements.

14 Ordering Paragraph (e) of Decision No. 62086, which granted the Company's  
15 request for a CC&N, requires OPC to notify each of its customers and the Commission  
16 60 days prior to filing an application to discontinue service. The Company notified all  
17 customers of the proposed discontinuance of the services by mail on February 16, 2006  
18 ("Notice"), 74 days prior to the planned May 1, 2006, termination date. A second notice  
19 will be mailed on March 1, 2006, 60 days prior to the planned termination date, and a  
20 third notice will be mailed on April 1, 2006, 30 days prior to the planned termination  
21 date. Copies of the customer notices, which were reviewed by Commission Staff, are  
22 provided as Exhibit A. Additionally, a list of alternative local exchange carriers,  
23 provided by Commission Staff, was included with the Notice, and a copy of that list is  
24 provided with this Application as Exhibit B.

25 It is the intent of OPC to provide robust customer notice -- more than is required  
26 under law -- so as to maximize customer awareness; encourage customers to select a  
27 suitable alternative carrier; and minimize the number of customers who fail to respond.  
28 In addition to the separately mailed notices, a message will be included each month on

1 the customer's bill, a telephone message will be delivered electronically two weeks prior  
2 to the effective date, and notice will be published as required by A.A.C. R14-2-1107 (B).  
3 This robust customer notification plan will minimize any potential inconvenience that  
4 may be caused by the Company's intention to exit the market.

5 OPC will refund any and all deposits in accordance with its tariff. At the time  
6 service is terminated, any deposits will be netted against outstanding charges, and if a  
7 balance is due the customer, a check will be mailed to the customer within 45 days of  
8 termination of service.

9 There are no facilities located in Arizona that will be affected by this business  
10 decision, nor will any Arizona employees be affected. All facilities and employees  
11 associated with OPC are located in other states.

12 OPC requests that the Commission authorize the Company to discontinue  
13 competitive facilities-based and resale intrastate interLATA and intraLATA  
14 telecommunications services and local exchange services effective May 1, 2006 and  
15 cancel the Company's CC&N.

16 RESPECTFULLY SUBMITTED this 24<sup>th</sup> day of February, 2006

**YOU MUST CHOOSE A NEW LOCAL TELEPHONE SERVICE PROVIDER BY  
April 17, 2006 TO AVOID POSSIBLE DISCONTINUATION OF SERVICE.**

Dear Customer:

We regret to inform you that OnePoint Communications-Colorado, L.L.C. d/b/a Verizon Avenue plans to exit the local exchange, regional toll and long distance telephone service markets in Arizona effective **May 1, 2006**. Subject to the approval of the Arizona Corporation Commission (ACC), OnePoint Communications-Colorado, L.L.C. d/b/a Verizon Avenue will no longer be providing your local, regional toll or long distance telephone services.

**Your action is required! You must select a new local telephone provider no later than April 17, 2006 to avoid possible interruption of your local telephone service.**

Verizon Avenue's withdraw from the local telecommunications market may also result in your loss of either (1) the ability to make directly dialed Regional Toll calls and/or Long Distance Toll calls or (2) the calling plan you have with your selected Regional Toll and/or Long Distance Toll provider. After selecting a new local telephone provider, we suggest that you also contact your current regional toll and/or long distance service provider to ensure that your current regional toll and/or long distance calling plan is not changed as a result of your change in your local service provider. If you do not contact your regional toll and/or long distance provider, you may be charged basic rates (non-calling plan rates) for regional toll and/or long distance calls. **If Verizon Avenue is your regional toll and/or long distance provider, then you will need to select a new carrier because subject to the approval of the Arizona Corporation Commission, Verizon Avenue will not be providing regional toll or long distance services after May 1, 2006.**

Please be aware that customers are still responsible for paying all bills rendered by Verizon Avenue during this transition. Customers who fail to pay their telephone bill may be subject to suspension or termination of phone service in accordance with ACC rules.

If a deposit was required at the initiation of your service, deposits will be refunded at the time of disconnection. The deposit amount will be applied to the account balance (if any) and any remaining credit will be refunded via check within 45 days of termination of service.

Generally, you may find a list of most local telephone service providers in your local telephone directory. In addition, we have provided a list of local exchange carriers that are certificated by the Arizona Corporation Commission to provide service in your area. **If you require assistance with this transition, please contact Verizon Avenue at 1-866-892-8368.**

Verizon Avenue was authorized to provide telecommunications service in the State of Arizona by the Arizona Corporation Commission by Docket No. T-03475A-99-0255 Decision No. 62086. You may address questions about this letter to the ACC's Consumer Services division at:

FCC Required Notice: The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments within 15 days after receipt of this notification. Address them to the Federal Communications Commission, Washington, DC 20554, referencing the §63.71 Application of OnePoint Communications-Colorado, L.L.C. d/b/a Verizon Avenue. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.
