IN THE MATTER OF THE APPLICATION
OF ARIZONA WATER COMPANY FOR AN
EXTENSION OF ITS CERTIFICATE OF
CONVENIENCE AND NECESSITY AT
ORACLE, PINAL COUNTY, ARIZONA

DOCKET NO. W-01445A-04-0729

REQUEST FOR ADDITIONAL TIME TO
COMPLY WITH FILING REQUIREMENT

On September 9, 2005 the Commission entered Decision No. 68119 in the above-captioned docket. Decision No. 68119 approved the Company's application for an extension of its Certificate of Convenience and Necessity for its Oracle system. It also contained the following ordering paragraph:

IT IS FURTHER ORDERED that Arizona Water Company shall file in Docket Control a copy of the developer's Approval to Construct for the facilities required to serve the Rancho Coronado development portion of the extension area and a copy of the Rancho Coronado developer's Certificate of Assured Water Supply within 365 days of the effective Date of this Decision.

A copy of the Certificate of Assured Water Supply for the Rancho Reserve (formally known as Rancho Coronado) development is attached hereto as Exhibit A.

1 Notwithstanding the filing of the Certificate of Assured Water Supply with
2 this Request, the Developer of the Rancho Reserve project has informed the Company
3 that, due to unexpected delays in planning for its development, it will not be ready to
4 proceed with development until 2007. For this reason, the Company requests that it be
5 given an additional 365 days, until September 9, 2007 to file a copy of the Developer's
6 Approval to Construct. This request should not prejudice any other party, as the
7 Company was the only applicant for a Certificate of Convenience and Necessity for the
8 Rancho Reserve development.

**Re: Certificate of Assured Water Supply
Coronado Reserve Lots 1-260 (excluding lots 86-88, 90-95, 97-105)
DWR File No. 27-401640.0000**

Dear Mr. Armstrong:

The Department of Water Resources has determined that the criteria for an Assured Water Supply pursuant to A.R.S. § 45-576 and A.A.C. R12-15-701 *et seq.* have been met, and therefore the Director has decided to issue Assured Water Supply Certificate No 27-401640.0000. Arizona Water Company, Oracle will provide water supply to the lots. The source of supply will be groundwater. Based on current information, the Department has determined that the subdivision's total projected demand is 129.7 acre-feet per year for 242 lots, and the groundwater allowance for the 100-year period is 1037.6 acre-feet. The Certificate is attached. The Department suggests you record your Certificate of Assured Water Supply in the appropriate county recorders office. This will provide you with a permanent public record of the Certificate.

This determination is applicable only to the person or entity specified on the Certificate and for the plat reviewed by the Department. Information used in evaluating this application is available for review in the Department's files. Please contact us if questions arise.

Pursuant to A.R.S. § 41-1092.03, the Department is notifying you that the Director's determination and decision to issue the Certificate is an appealable agency action. You are entitled to appeal this action. If you wish to appeal this action, you must file a written appeal within thirty (30) days from receipt of this letter. I am providing you with a summary of the appeal process and an appeal form, should you elect to pursue this option.

Sincerely,

Douglas W. Dunham, Manager
