Sent: Friday, February 24, 2006 3:26 PM
To: Hearings Division
Subject: APS Emergency Fuel Filling

Arizona Corporation Commission.

I understand that APS the electrical power utility has filed for a 14 % emergency rate increase for a fuel cost increase. Their reason--Natural Gas has increase in cost.
Maybe true about Natural gas pricing but how much of our electrical usage actually comes from burning of Natural Gas?
They claim they have a "Fleet of coal-fired and nuclear energy plants"--Energy users from those should not bear the cost of the Natural Gas increase.

I hope you question them thoroughly about their real motives and reasons for increasing my electrical bill.

More Nuclear energy plants should be built in Arizona.

Sincerely a concerned citizen

W. D. Roper
Sedona
