Subject: Rhodes Development in Mohave County

This message is to implore you, as the last legal hurdle that Rhodes Development must overcome, to stop their development in our beautiful and already over-crowded Mohave County. Rhodes hid from the Mohave County Board of Supervisors the fact that the Arizona Department of Water Resources informed them of water insufficiency. This in itself is absolutely deplorable. They (Rhodes) should be held accountable for deliberately and with ill intent lying to a public body.

These developers are in this for only one thing: money in their pockets. They do not live here and will not have to endure the resulting disaster of their impending plans that will seriously and adversely impact the current residents of Kingman, Golden Valley and Dolan Springs.

If Rhodes is permitted by your agency to continue with its illegal plans to build 140,000 homes in Golden Valley, take our water, and thereby reduce our property values and ability to even exist here, we are all doomed to being forced out and be in poverty. The currently existing infrastructure cannot even support the people who live here now. This would RUIN US.

Please deny Rhodes Development's quest to crowd our area and completely deplete us of water. Please HELP US.

Thank you,

John and Christine Bean, [REDACTED]
