(W-04096A-02-0233, W-01936A-02-0233 & W-01936A-02-0677)

Gentlemen:

This is to register our unqualified support for the "Adjudicated Rural Utility" application for the above water company; which is currently pending your approval.

As the customer, and owner of said utility, we are very satisfied with the professional operation and financially sound approach this type of operation affords us.

It has quickly become apparent that the whole operation is now in the best interests of we the users. Further, it is obvious we have an immediate voice in improving the system and service.

Sincerely,

D. Kay Harrison
