**"D. Rate Increase Moratorium**

Condition 15 proposed by Staff would require Arizona-American to refrain from filing any non-emergency rate increase requests for one year from the closing date of the reorganization. We believe that increasing this moratorium from one year to five years is appropriate, as it would provide increased protection to Arizona-American's ratepayers. We will therefore amend Condition 15 as proposed by Staff to require that Arizona-American refrain from filing any non-emergency rate increase requests for five years from the closing date of the reorganization."
