SECTION 2. RULES AND REGULATIONS (Cont'd)

2.8 Minimum Use Contracts

- 2.8.1 The Company may offer services which require a minimum use guarantee ("MUG") wherein the Subscriber agrees, in writing, to pay the minimum amount per period agreed to upon commencement of service. Subscribers falling below their MUG will be billed for the minimum amount due per period pursuant to the MUG agreement.
- 2.8.2 Should the Subscriber choose to terminate their contract prior to expiration of the term agreed to in the MUG agreement, the Subscriber will be liable for the minimum usage requirements contained in the contract multiplied by the number of months remaining in the term, unless Subscriber converts to another Company service with equal or greater term and minimum usage commitments. If no minimum usage requirements are specified in the contract, upon any early termination of Subscriber's contract, Subscriber will be liable for their monthly average usage (calculated over the last three full months immediately preceding the date of termination) multiplied by the number of months remaining in the term.
- 2.8.3 The initial contract period for service under this section is one month. Subsequent contract periods shall be for additional one-month periods unless otherwise specified.

2.9 Validation of Credit

Carrier reserves the right to validate the credit worthiness of Subscribers or Users.

In the case of a cash deposit, interest at the rate specified by the Corporation Commission will be accrued for the period during which the deposit is held by the Carrier. 4.10 Public Pay Telephone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan, effective October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all intrastate, interstate, and international calls that originate from any domestic pay telephone used to access Company services. This surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with service, applies for the use of the instrument used to access Company service and is unrelated to the Company service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the # symbol).
