PROCEDURAL ORDER

BY THE COMMISSION:

In Decision No. 62293 (February 1, 2000), the Arizona Corporation Commission (“Commission”) approved the concept of the Groundwater Savings Project as a means for Sun City Water Company and Sun City West Utility Company (collectively “Applicants”) to utilize their CAP water allocations. In Decision No. 62293, the Commission required the Applicants to file a preliminary engineering report that was to address the feasibility of a joint facility with the Agua Fria Division, the need for all major elements of the project and binding commitments from the golf courses. On August 1, 2000, the Applicants filed their Preliminary Engineering Report. On December 18, 2000, Applicants filed a Supplemental Engineering Report and Binding Agreements with the golf courses.

At a Special Open Meeting on May 11, 2001, the Commission ordered the Hearing Division to schedule an evidentiary hearing to determine whether the Applicants’ Preliminary Engineering Report and Supplemental Report address adequately the feasibility of a joint facility with the Agua Fria Division, and whether all the golf courses identified in the Preliminary Engineering Report are necessary for the project.
