AZ CORP COMMISSION / DATE PREPARED: 4:55 p.m. / March 31, 2006  
DOCUMENT CONTROL  
COMPANY: Arizona Public Service Company

AGENDA ITEM NO. U-1

DOCKET NO. E-01345A-05-0674

OPEN MEETING DATE: April 4-5, 2006

At page 7, line 22, after "adopted"

DELETE "."

INSERT: ", except as delineated in Finding of Fact #19."

Add new FINDING OF FACT:

"19. The Commission believes the rising cost of wholesale energy compels serious and immediate attention to the most efficient use of electricity resources by retail customers. Energy efficiency and demand side management are critical to reducing peak demand so Arizona customers may take advantage of the least cost economic dispatch of electricity. Extreme summer temperatures compel the imperative of these policies.

While we applaud APS for implementing and many of its customers for selecting the existing time-of-use programs, the Commission believes **all** Arizona ratepayers should be motivated, and have the opportunity, to select a time-of-use billing option that best meets their needs. Therefore, we believe APS customer participation should not be limited and any APS rate payer may select either of the proposed rate schedules."

At page 8, line 9

DELETE: "IT IS FURTHER ORDERED that the limit on customer participation on rate schedules ET-2 and ECT-2 is set at 50,000 customers."

INSERT: "IT IS FURTHER ORDERED that any APS customer may participate in the ET-2 and ECT-2 rate schedules."
