RE: Adelphia Telecommunications, Inc. Docket No. T-03828A-05-0353

Dear Mr. Bennett:

On May 17, 2005, Adelphia Telecommunications, Inc. ("ATI") filed an application to cancel their Certificate of Convenience and Necessity ("CC&N") to provide resold long distance telecommunications services in Arizona. On June 10, 2005, ATI's Application was deemed insufficient and Staff sent its first set of data requests to you.

Docket Control files show that we received your response to Staff's first set of data requests on June 20, 2005. In your response, you stated that ATI might withdraw its Application to cancel its CC&N due to a potential sale of its services and customer base.

On April 3, 2006, I contacted you to determine if ATI's services and customer base was sold. Depending on particulars of the sale transaction, ATI may be required to make a separate filing to consummate the sale and transfer the CC&N.

Please let me know if you wish to proceed with the Application to cancel ATI's CC&N and the specifics of the sale transaction. If I do not receive a written response from you within ten days of the date of this letter, I will recommend that this application be administratively closed.

If you have any questions, please contact me at (602) 542-0856. Thank you for your prompt response to this request.

Respectfully,

A handwritten signature in cursive script that reads "John F. Bostwick".

John F. Bostwick
