Phoenix, AZ 85007

Good Morning,

I'd like to add my voice to the supporters of using CAP water in the Sun City area.

I'm as tight as they come with a dollar, but anyone that can't see their property value deminishing after the over pumping of ground water is being shortsighted.

The delays in construction of a pipeline has no doubt cost us big bucks due to inflation. Vote now to get the show on the road.

Sincerely,

Robert A Melang

This letter is being written to you stating we support the Groundwater Savings Project, which proposes to use CAP water for golf course irrigation.

This is a very important matter and deserves the full support of the Arizona Corporation Commission.

We would appreciate a letter from you stating the outcome of this important matter.

Yours very truly,

Owen and June Moore

Arizona Corp. Comm.

I would like to inform you that I support this project; I sure do not want my home or any of my neighbors homes subjected to the risk of having the land subside due to the water table dropping which in turn causes the homes to settle.

Sincerely,

Don Baumann

From: "Dick and Nancy Swortzel" <dickandnancy@netzero.net>
To: ACC.UTIL(mailmaster)
Date: 8/13/02 2:37PM
Subject: Use Of CAP Water

I have serious concerns regarding the potential of ground subsidence problems here in Sun City West due to the continued pumping of ground water. I also strongly support the use of the CAP water for the golf courses. This will directly reduce the requirement for pumped water for golf course use. The alternate plan proposing recharge of the Agua Fria aquifer will not guarantee recharge of the Sun Cities aquifer. Please support the use of CAP water now for the Sun Cities golf courses.

Subject: Ground Water Savings Project

This is to advise that we understand and strongly support PORA's position on the Ground Water Savings Project. We would have stated our position sooner but we were traveling in Canada.

Sincerely,

A. C. & V. D. Erling
