RE: Sun Cities CAP pipeline plan Sun City Water Company W-01656A-98-0577  
Approval of CAP Water ~~W-02334A-98-0577~~

Dear Commissioner Mundell:

Thank you for your acknowledgement of my letter of July 28 in support of the CAP pipeline plan for the Sun Cities. In the past weeks our local newspapers have been filled with commentary regarding the issue. The opposition arguments become more specious as time goes on.

I was particularly delighted to see that ADWR director Joseph Smith strongly endorses the plan. Ironically, those citizens who have been in support of the pipeline plan for the past few years have been using the same arguments now presented by ADWR. Why has this process taken so long? The cost of the pipeline is only going to increase, the water continues to be pumped from the ground, and overdrafting is REAL!

I have enclosed the relevant opinion pieces and news articles. I hope your Commission will move quickly on this very important issue. FURTHER DELAY is not acceptable!!

Please share this information with all the commissioners. Thank you.

Sincerely,

Elsa T. Anastasio
