Nature of Complaint:

Dear Sirs

A note to say that my wife and I are opposed to the proposed pipeline to send CAP water to the sun cities golf courses. We believe it was wrong for one man to commit us to such a large costly project. Also, there appears to be no other city or county that is concerned about water resources nor groundwater pumping - look at all the unrestricted new home building going on all around the sun cities and outlying areas. Why don't they use a pipeline and CAP water. Also, we understand that the sun cities will still have to pump some groundwater on the golf courses to flush away the mineral build up which would result from using CAP water.

Sincerely

Warren and Betty Mahaly
