We attended the March 28th, 2006 meeting at Mountain Brook, conducted by Gold Canyon Community Assoc., Unitd on the protest of Gold Canyon Sewer rate increase proposed by Algonquin Water Resources-Parent Company of Gold Canyon Sewer Company. We were informed that AWR & GCSC are seeking approval for a 101% rate increase, which is unreal after this Outfit promised residents in 2002 that that the expansion of the Sewer facility would not result in a rate increase. We are protesting this increase and would appreciate this protest being considered by our County Commissioners as well as our Public Consumer Analyst Brad morton. We are on a fixed income and a increase of this amount will create a hardship. please make this letter a record for consideration.
