MEMORANDUM

December 20, 2002

TO: File

FROM: John A. Chelus  
Utilities Engineer

RE: ARIZONA-AMERICAN WATER COMPANY – AGUA FRIA DISTRICT FACILITIES  
HOOK-UP FEE TARIFF REVISIONS DOCKET NO. W-01303A-02-0628 (SEWER)  
AND DOCKET NO. W-01303A-02-0629 (WATER)

Arizona-American filed revised tariffs for their Agua Fria District water and wastewater facilities hook-up fees on August 16, 2002. The facilities hookup fees are identical to the ones already approved by Decision No. 64307 dated December 28, 2001 for the "Whitestone" Certificate of Convenience and Necessity (CC&N). The revisions in these applications will extend the same tariffs to other areas of the Agua Fria District in Maricopa County.

The fees were developed based on typical construction costs for backbone plant in the Agua Fria District. The water hook-up fees are based on meter size. The wastewater hook-up fees are based on equivalent residential units (ERU). The fees will recover a portion of the costs associated with the construction of the backbone plant.

The hook-up fees for water can be used for offsite facilities such as treatment facilities, wells, transmission lines, storage tanks pressure tanks, booster pumps and related appurtenances necessary for proper operation which provide regional or system wide benefits.

The hook-up fees for wastewater can be used for treatment facilities, effluent disposal equipment, sludge disposal equipment, lift stations, force mains, collection mains and appurtenances necessary for proper operation which provide regional or system wide benefits.

Engineering has reviewed the proposed revisions and finds them acceptable as submitted by AZ-American.
