Re: Docket No. W-03936A-04-0840
Decision No. 67982

Quarterly report of leak fund

- Leak fund was established October 10, 2005
- The following amounts have been deposited in the leak fund:
 - February \$115.21
 - March 89.38
 - April 290.99

Account balance as of April 28, 2006 is \$500.82

- We have replaced (3) meters that were not registering correctly, allowing more water to pass thru than the meter reading showed.
- We placed a lock on a hydrant that was used by DNR for watering wildlife in drinkers located on BLM land. We have discovered that water was being taken from the hydrant for personal use by several individuals, and that DNR was not using the water.

We are constantly looking for leaks and repair them as soon as possible. We have lost some volunteer help but we continue to work toward our goal of 10% water loss.
