## Proposed RO&O Amendment No. 2

(CORRECTED)

Page 71, line 28: **DELETE** Page 71, line 28 through Page 72, line 4 of the RO&O and **INSERT** in its place:

“Level 3 has agreed to pay Qwest’s tariffed Feature Group D (FGD) access charges for FGD traffic. The primary point of dispute is the nature of the physical interconnection between Level 3 and Qwest to allow FGD traffic to be exchanged. Level 3 presented evidence that other ILECs are able to receive both local and FGD traffic on the same local interconnection trunk and Qwest has made no showing that similar means of interconnection is not technically feasible. See 47 CFR § 51.305(e). Level 3’s position on this issue also is consistent with Qwest’s Arizona Statement of Generally Available Terms (SGAT). Under the Arizona SGAT, other carriers would be entitled to what Level 3 is seeking here. Therefore, in order to achieve efficiency of interconnection, to avoid discrimination and to satisfy 47 CFR § 51.305(e), we adopt Level 3’s proposed language for Section 7.3.9 and related subsections.”
