AZ CORP COMMISSION  
DOCUMENT CONTROL

Mr. Brian Bozzo - Compliance Manager  
Arizona Corporation Commission  
1200 W. Washington St.  
Phoenix, AZ 85007

Re: Docket No. T-01051B-03-0454  
Docket No. T-00000D-00-0672

Dear Mr. Bozzo:

Section 25 of the Settlement Agreement approved by the Commission on March 23, 2006 in Decision No. 68604 requires Qwest to file revised tariffs and price lists consistent with the Commission's Decision within 30 days of the Commission's order. Section 25 also requires Qwest to file price lists containing minimum-maximum ranges for all services contained in Baskets 2 and 3.

On March 31, 2006, Qwest filed tariff revisions which addressed all of the requirements of Section 25 with the exception of the price lists showing minimum/maximum rates. The attached tariff pages are being filed to complete Qwest's compliance with Section 25 and set forth the maximum rates for each service in Baskets 2 and 3. These pages consist of revisions to the following Qwest Corporation Tariffs:

Exchange and Network Services Price Cap Tariff  
Competitive Exchange and Network Services Price Cap Tariff No. 2  
Competitive Private Line Transport Services Price Cap Tariff  
Competitive Advanced Communications Services Price Cap Tariff

In addition, these pages contain price changes to certain Basket 2 and Basket 3 services as permitted under Sections 10 and 11 of the Settlement Agreement, as modified by Decision No. 68604 with respect to the amount of headroom associated with Basket 2 as well as the total amount of headroom for Baskets 2 and 3 combined. These changes result in an increase of \$2.99 million in Basket 2 services and \$6.72 million in Basket 3 services.

Services from the Exchange and Network Services Price Cap Tariff that have been reclassified as either Basket 2 or Basket 3 services are being moved to the Competitive Exchange and Network Services Price Cap Tariff No. 2. In order to distinguish the Basket 2 services from the Basket 3

services within that tariff, all Basket 2 services have been so designated through a footnote. Further, due to the number of services being moved into this tariff, Qwest has re-issued the tariff in its entirety in order to eliminate the large number of "dot" pages that would otherwise occur. Therefore, all pages in this re-issued tariff, which has been designated as tariff number 2 to distinguish it from the prior version of the tariff, have been issued as "Release 1" pages.

These tariff pages have been prepared with an effective date of May 1, 2006. Four copies of these tariff revisions are being provided for Staff's use in reviewing this filing. Please contact me if you have any questions concerning this matter.

Sincerely,

*Reed Peterson*
