RE: AUTO-DIALER PILOT PROGRAM APRIL 2006 QUARTERLY REPORT, SETTLEMENT
AGREEMENT PARAGRAPH 32 (f) AS REQUIRED BY DECISION 68112
DOCKET NO'S. E-01345A-04-0657 AND E-03145A-03-0775

13

Dear Mr. Johnson:

Pursuant to Paragraph 32(f) of the Commission-approved Demand Estimation Settlement, APS changed its procedure of using an auto-dialer to attempt customer contact when the account had experienced consecutive months of estimated reads due to no-access. The change was the creation of a pilot program to call customers after the second consecutive estimated read instead of the third. This pilot went into effect in June of 2005. Calls are attempted between 1 and 4 days prior to the customer's scheduled meter read date.

The attached page shows the numbers of two and three month consecutive estimated reads due to customer controlled no-access for the third quarter immediately following the change to the auto-dialer procedure.

At this time there is not enough information to evaluate the effectiveness of the auto-dialer program. APS will continue to evaluate the results in an effort to measure the effectiveness of the program.

If you have any questions please feel free to call me at 602-250-3933.

Sincerely,

David J. Rumolo
