RE: Docket No. T-04056A-01-0819
Eight 9 Line, L.L.C.

Dear Sir or Madam:

Please accept this letter and ten (10) copies as the response of Eight 9 Line, L.L.C., to the Arizona Corporation Commission's request for information on the fair value of property of each public service corporation operating in the State of Arizona. This letter is in response to one dated January 24, 2002 by John F. Bostwick, Administrative Service Officer II.

Eight 9 line has been operating in Arizona less than twelve (12) months and responds as follows:

1. Provide the projected total revenue for the first twelve months to provide telecommunications service to Arizona customers by the Applicant following certification, adjusted to reflect the maximum rates that the Applicant has requested in its tariff. This adjusted total revenue figure could be calculated as the number of units sold for all services offered times the maximum charge per unit.

Total revenue - first 12 months: \$50,000

2. Provide the projected operating expenses for the first twelve months to provide telecommunications service to Arizona customers by the Applicant following certification.

Total operating expenses - first 12 months: \$35,000

3. Provide the book value (original cost less accumulated depreciation) of all Arizona jurisdictional assets projected to be providing telecommunications service to Arizona customers at the end of the first twelve months of operation. If the projected fair value of those assets is different than the projected original cost net book value, also provide the corresponding projected fair value amounts. Assets are not limited to plant and equipment. Items such as office equipment and office supplies should be included in this list. If the projected value of all assets is zero, please specifically state this in your response.

Book value - first 12 months: \$0.00
