Dear Mr. Garcia:

Thank you for taking the time to write and voice your concerns on the pending rate application for St. David Water Association. Your letter will be placed in the official file, Docket No. W-02084A-01-0389, and will become part of the record for the Commissioners' review before rendering a decision.

The customer notification, that includes St. David Water Association proposed rates, does not necessarily mean that they will be approved. Before any rate is considered by the Commissioners, a complete audit of all phases of the Company's books and operation are conducted by Staff and its expert consultants. Staff will then prepare its report, which will contain its recommendations.

Staff appreciates your comments and the interest you have taken on the proposed rate increase.

Sincerely,

A handwritten signature in cursive script that reads "Rhonda Trower".

To Whom It May Concern:

I don't understand why the water needs to be increased again.

When I moved here 8 years ago I paid about \$9 per month. Now I am paying about \$30 per month. Why? I am still using about the same amount of water.

If the improvements need to be made for growth then the developers need to foot the bill. I just want to understand why the improvements are necessary.

Sincerely,

Jim Garcia
