Re: Docket #W-01689A-05-0629, Decision #68443

Please be advised we are submitting the following information as requested per the compliance item as noted on Page 14 Line 15 through Line 17 of the Procedural Order for the above referenced docket number. This item stated that the Company file a plan which shows how it will achieve a capital structure that consists of 40 percent equity, therefore, we submit the following:

The Company is about to make capital improvements due to growth in the area that include installing new distribution systems, new storage and a new well. The capital expenditures will involve several hundred thousand of dollars which should more than cover the required 40 percent increase in equity as required by the Commission.

This plan is in its early stage so no hard numbers are available at this time. Construction is to begin this year.

Regards,

E.H. Lewis, President
